Dear Ms. Priell Barak,

we are very glad to hear that Mr. Barak will participate as keynote speaker in the Cyber Security Summit.

Allow me to provide you with some further details regarding the Summit:

The keynote will be delivered within the opening panel of the summit, „The Business of Cyber Security, Privacy and International Affairs“, which will take place from 10.45 a.m. to 12.15 p.m.

Including Mr. Barak, five keynote speakers will form part of the panel, each of whom is invited to deliver an opening statement for up to ten minutes. Besides the EU Commissioner for the Digital Agenda, Neelie Kroes, this includes Howard Schmidt, Former Cyber Security Coordinator of U.S. President Barack Obama, Johanna Mikl-Leitner, Federal Minister for the Interior of the Republic of Austria and René Obermann, Chief Executive Officer of Deutsche Telekom AG. Professor Klaus Schweinsberg, Chairman of the Center for Strategy and Higher Leadership in Cologne, will moderate the panel and guide through a Q&A session after the panelists' opening speeches.

Regarding the topic of Mr. Barak's keynote, we suggest that he refers to the central topics of the following working groups to stimulate the debate later on. Working groups will focus on the issues of trust in the digital society, new threats for the economy, political and regulatory challenges as well as business strategies and solutions.

For your further convenience, I attached a preliminary draft agenda of the summit, a one-page information sheet summing up the relevant information regarding the opening panel briefly, and a preliminary list of participants.

Moreover, we would be glad to assist you with further planning.
We are holding a certain number of rooms in the Grand Hotel Kameha in Bonn (further information about the hotel:

http://www.kamehagrand.com/en/welcome-kameha-bonn). There will be a shuttle service provided from the hotel to the conference venue. If you would like to make reservations there, please do not hesitate to contact Ms. Gertrud Worm, who can be reached at CSS2013@telekom.de or by phone at +49 (0) 69-200 60 1711.

Additionally, please, let us know if we should take care of security arrangements, e.g. if we can arrange personal security for Mr. Barak.

Lastly, can we already communicate Mr. Barak's participation in the summit to the other speakers, participants and officially?

In case of any further questions, I will be glad to assist you.

Kind regards

Barbara Mittelhammer

Dear Ms. Priell Barak,

Thank you very much for your message and the good news. We are really glad to hear that Mr. Barak is willing to participate as a speaker at the Cyber Security Summit. I'm convinced that his participation will be a great benefit to the conference in Bonn. My colleague Barbara will provide you tomorrow with further details and information concerning the Summit.

In the meanwhile please do not hesitate to contact me if you have further questions regarding the Cyber Security Summit.

Best regards
Oliver Rolofs

Dear Mr. Rolofs,
Mr. Barak will gladly participate and speak at the Summit held in Bonn on November 11th 2013.
Please let us receive the earliest possible information concerning the Summit (the program, where will it take place in Bonn, when will he speak, who are the participants, who are the other speakers, how long Mr. Barak is expected to talk, etc.)

concerning the Munich Security Conference - will it take place this year too (beginning of February 2014)? If so, Mr. Barak is interested to attend even as a participant.

best regards,
Nili Priell Barak
